SMARTLine 2D BSV2012 video

Hands-free function 2-wire (Article no.: 100070)

90 x 180 x 17 mm
All dimensions given as: width x height x depth

Elegantly designed indoor station
(Material brushed stainless steel)

135 x 195 x 45 mm
All dimensions given as: width x height x depth

The BSV2012 video allows an optimal operability for all age groups. Below the display are three capacitive concave shaped buttons for call acceptance, door opening and call deactivation.

The functions such as the selection of a ringtone, its volume as well as contrast and brightness of the display are set via the menu of the user-friendly touch screen.

Outside a stainless steel front panel and a flush-mounted and galvanized box (depth 45 cm) are installed. This door station which is well-protected against vandalism, excels in LED lighting as well as 10 mm-name plates which can be opened at the front with a special tool only.
